OBJECTIVE

Act in the creation and development of websites and web applications.

PROFILE

I entered the job market in 2006 as a graphic designer, but in all the companies I worked with I also ended up working as a frontend developer. I have experience in developing websites and web applications using HTML, CSS, Javascript, jQuery, PHP, Wordpress and MySQL.

EDUCATION

Associate Degree in Systems Analysis and Development (in progress)
UniCarioca Centro Universitário - Expected completion 2026

Graduation Degree in Industrial Design (completed 75/144 credits)
Universidade Estácio de Sá – 2011-2013

Technical Course in Information Technology
Santa Mônica Centro Educacional – Completed 2003

EMPLOYMENT HISTORY

uRock Progaganda e Marketing LTDA · 08/2010 - 10/2022

Graphic Designer
08/2010 - 02/2013

I started at the company as a graphic designer, working with the creation and finalization of graphic pieces, in addition to developing websites and web applications for clients such as L'Oréal Brazil and Monte Carlo Jóias.

During this period I created the layout and developed a web app in PHP for a sales campaign for the professional products division of L'Oréal Brasil.

Art Coordinator
03/2013 - 12/2014

In 2013 I was promoted to art coordinator and managed a team of designers, delegating activities, reviewing and approving the arts.

Managing Partner
01/2015 - Today

When I joined as a partner, in addition to the responsibilities I already had, I also started to have contact with clients, receiving briefings, participating in meetings to discuss projects and estimating projects cost.

Quatro Seniors Informática LTDA · 12/2008 - 01/2010

Graphic Designer Trainee ········ I worked with the creation of visual identity for clients, graphic pieces, creation of layouts and development of websites and web applications.

One of the projects I developed was a web page in PHP using Joomla CMS to encourage Souza Cruz employees to practice sports. The exercise time informed by them was converted into mileage and, through integration with the Google Maps API, a route to Cape Town was generated.

Editora Segmídia LTDA · 11/2006 - 07/2008

Graphic Designer Trainee ········ I worked with layout of printed publications, creation of graphic pieces, visual identity and development of websites.
